> DEATH OF CHIEF JUSTICE NASH .- Just before going to press we hear of the death of this venerable gentleman and upright Judge. A letter from Raleigh informs us that "The Hon. Frederick Nash, Chief Justice of the Supreme Court of North Carolina, died at his residence in Hillsboro' second reading. on Saturday morning the 4th inst. He had but just overcome a recent attack of sickness and was in fine health; had just returned from a visit to his native town, Newbern, where he was a member of the Synod of the Presbyterian Church which recently met in that place. He was born in

Newbern in 1781, and represented that town in the Legislature in 1804 and 1805. Thus has passed away a link that connected the present and the past. He was a good man—an upright, learned and incorruptible Judge, whose memory posterity will do justice to.

Of course, speculation is rife as to the person who will probably be called to fill the vacancy on the Bench of the Supreme Court.

For the Journal. To "Many Turpentine Producers of Duplin and Upper Hanover."

GENTLEMEN :-- Allow me to answer some of your queries by propounding a few, and then, as you may not be able to answer them, I will answer them for you. Why was it that some years since Wilmington Turpentine was worth, in the northern markets, 371/2 cents per barrel more than Newbern Turpentine? and why is it that Newbern Turpentine is worth 25 cents more in these markets now than Wilmington Turpentine? Would it not be fair to infer that the quality of Wilmington Turpentine has depreciated? Why this depreciation? I would attribute it to the tampering with the inspection laws, by some of the representatives from some of the Turpentine producing counties. Formerly the Naval Store Inspectors in the town of Wilmington were required to pass "Dip Turpentine" as "Dip," and Scrape" as "Scrape," marking one D., the other S., and if Dip was mixed with Scrape it was passed as Scrape. The consequence was our Turpentine stood high in other markets.
